

MV Clamp

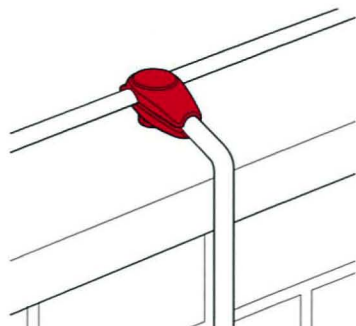

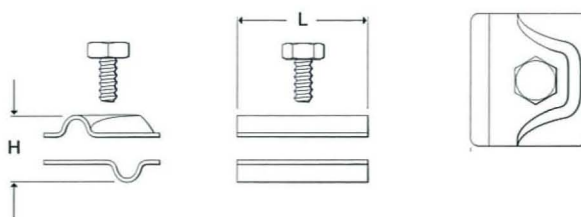

These Wallis four way connectors are suitable for crossing over 8mm conductor, making straight through joints or T connections in a continuous network of conductor.

The lid is secured by a single bolt for ease of installation.

Dia mm	Conductor	L	H	Weight	Pack Qty	Part Number
8	Copper	40	18	0.05	10	MVG 08
8	Aluminium	40	18	0.01	10	MVA 08

Material:

Copper or Aluminium.

T Connector

This purpose designed T connector for 8mm conductor is ideal for connecting the lightning protection roof network to the down conductors.

Secured by a M10 bolt and nut.

Dia mm	Conductor	L	W	H	Weight	Pack Qty	Part Number
8	Copper	45	45	19	0.11	10	TCG 08
8	Aluminium	44	25	20	0.06	10	TCA 08

Material:

Gunmetal or Aluminium.
