

## LIGHTNING PROTECTION

### Metalwork Bonding Clamp

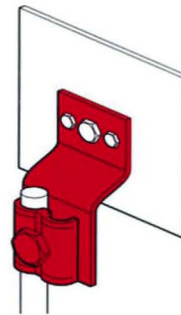

This one piece clamp is designed for bonding 8mm conductor to steel construction or surfaces.

The bond is secured by drilling two holes in the steelwork and bolting or welding the clamp in place, the conductor is then fixed to the clamp.

Conductor Dia	Conductor	L	W	H	Bolt	Weight	Pack Qty	Part Number
8	Copper	82	40	25	M10 x 25	0.14	10	MBG 08
8	Aluminium	82	40	25	M10 x 30	0.09	10	MBA 08

**Material:**

Aluminium or Copper.

### Rainwater Pipe Bond

This pipe bond can be used on any application where the perforated tape can be wrapped around circular objects such as pipes or rails.

This Wallis bond suits 8mm conductor.

Conductor Dia	Conductor	L	W	D	Bolt	Weight	Pack Qty	Part Number
8	Copper	55	32	17	M8 x 40	0.37	5	BRG 08
8	Aluminium	51	31	16	M10 x 35	0.09	5	BRA 08

**Material:**

Aluminium or Gunmetal.
